

Late Work Policy

If your work (in-class assignment, out-of-class assignment, project, worksheet, etc.) is one day late, your grade will be only worth 75% of its original value!

Your assignment will still be accepted until the Monday following the day it was due at the 75% value.

Turn your work in and on time.

If you were absent you get the same amount of days you were absent to make up your work for full credit.

Remember, 75% is much better than a zero on any assignment!
